

**On Tuesday, September 25, 2012, please join the OIA's Guelph Branch for a refreshment prior to the fall harvest for a tour of Sleeman Breweries. This will be an informal evening of fun and networking.**

**Between 7 and-9 pm at Sleeman Breweries. Meet in the parking lot outside of the main building just off Clair Road.**

Last century, the president John Sleeman's great-great-grandfather established his brewery in the quiet town of Guelph because of its pristine water source – critical for brewing great beer. We would love to have you visit us.

Ever wondered how your favourite Sleeman brands are made? See our brewery in action to find out. Tours can be booked for groups of between 10-20 people for an administrative fee of \$10 per person, tasting is included, a full beer of your choice after the tour and a gift.

**Take Gordon Street to Brock Road South to Clair Road, turn right and drive almost to the Hanlon Expressway and turn right on Hanlon Road and park in front of the main building. The location is indicated by the B symbol on 551 CLAIR RD W. Do not go to the A symbol at 18 Admiral Pl. Guelph.**

**We look forward to having a fun evening filled with good company and good cheer! Space is reserved based on the number of confirmations.**

**Please confirm your attendance to: [daniel@agriphoto.ca](mailto:daniel@agriphoto.ca)**
