

Summer Meeting **OIA – Western Branch**

You are invited to a Western Branch OIA summer meeting to be held:

When: Wednesday evening, July 28, 2010

Where: Farm of Jim and Lorraine House, 6650 Boxall Road, RR2 Port Stanley

Time: 7:00pm sharp.

Why: Jim is an honorary member of our branch in the past because of his work with the Inovative Farmers of Ontario. At this meeting Jim will tell us about some of his innovative projects and show us two currently underway.

Double Cropping: soybeans planted in June between the rows of wide row winter wheat. See his planter and walk the field of beans.

Solar Collector: a 10.8 KW MicroFIT collector has just been installed and is expected to be in operation by July 28.

Bring with you:

- a) A lawnchair to use during the discussion period after the farm “walkaround”.
- b) A friend or friends
- c) An enquiring mind

Make this a summer outing to remember. Visit an area you may not see frequently and have supper at Talbotville or you may prefer a fish dinner or a picnic on the beach at Port Stanley.

Directions

From Port Stanley, follow county road 20 north and west for about 7km on the way to Fingal. Turn south on Boxall Road. House’s farm is first place on left.

From Fingal, drive southeast on county road 20 about 2km to Boxall Road. Turn south on Boxall Road. House’s farm is first place on left.
