

OIA Hamilton Branch Meeting

Wednesday, October 17, 2012, 4:00 PM

Dunlea Farms, 400 Field Road, Jerseyville L0R 1R0

(See map below)

Dunlea Farms is a modern hay production and marketing operation run by Fritz Trautsmendorff and his family. As well as extensive hay drying and storage facilities, they operate a system for converting big square bales to small squares and for producing small packs of hay that are sold in pet stores.

After the tour of the facilities we will journey west to China King Chinese Restaurant. Just follow the Jerseyville Road west until it ends at Highway 2 (Colborne Street). Turn right (west) and the restaurant is about a half kilometer on your right (1320 Colborne St. E., Brantford N3T 5L4).

Cost will be \$20 not including drinks.

As always, members of all Branches are encouraged to join us. Please call Doug Walters at (905) 637 8843 or email at dwalters@iprimus.ca to give us a head count for dinner by October 15.
