

On Tuesday, October 16th please join the OIA's Guelph Branch for a tour of The Elora Dairy Research, University of Guelph. This will be an opportunity to see the dairy facility and cows being milked, also it is a great opportunity for networking.

The tour will start at 7:00 P.M. promptly and take approximately one to one and a half hours depending on how many questions are asked, questions are encouraged.

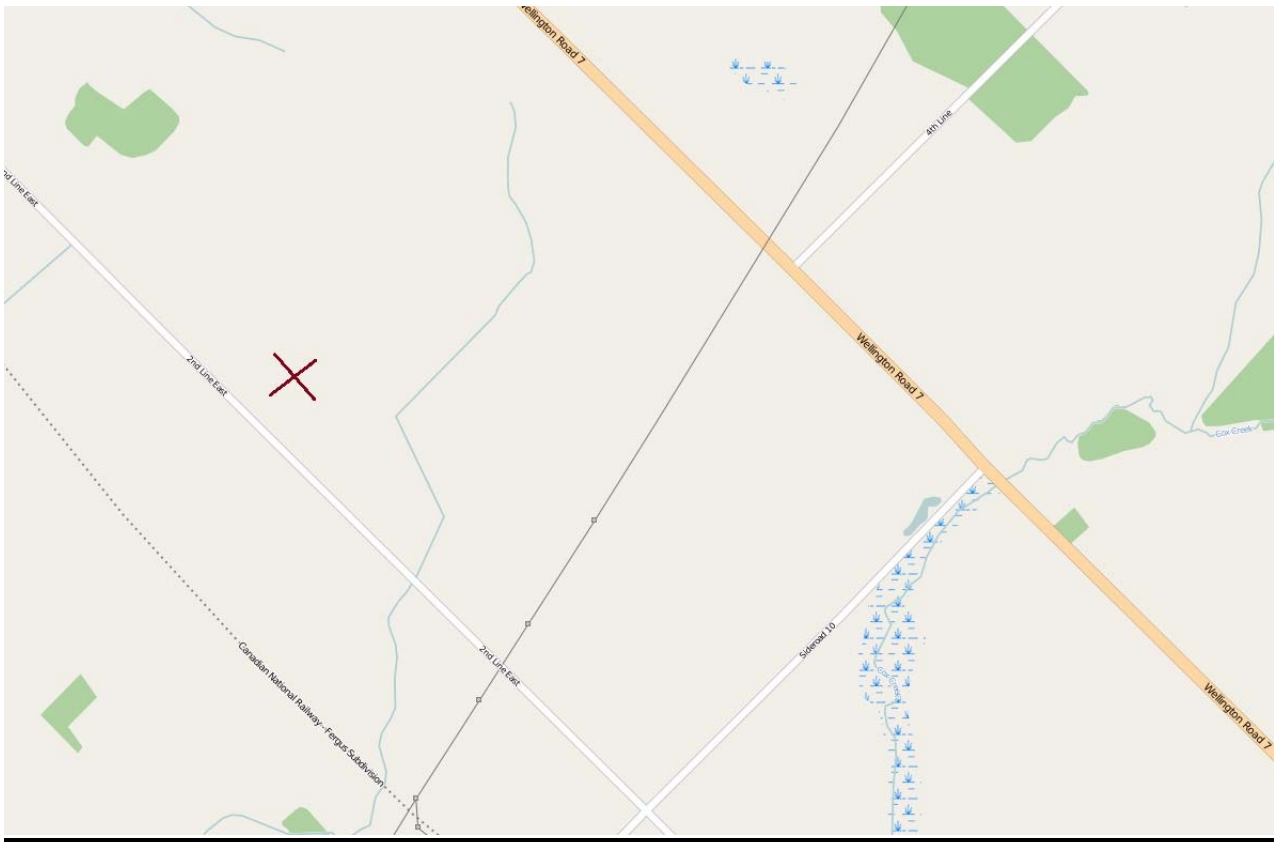

Meet in the parking lot outside of the main building just off Second Line

See map detail on page 2 of document

We look forward to having a fun evening filled with good company and great learning experience. Space is reserved based on the number of confirmations.

Please confirm your attendance to: daniel@agrphoto.ca
